

DESCRIPTION OF A STUDY COURSE – SYLLABUS

Title of a course	Road Transport Economics				
Head of course	PhD Drago Pupavac, College Professor Assistant: PhD Ozren Rafajac, Senior Lecturer				
Study programme	Professional undergraduate study Transport				
Status of a course	Obligatory				
Year of study	3.	Semester	V	ECTS credits	4
Teaching plan (L + E + S+ Pr)	2L+1S				
Goals of a course					
Familiarity with the specifics of the transport service and the transport market, market structures in transport, macro-transformations in transport, European Union transport policy and modern phenomena in transport. Acquisition of practical knowledge on cost calculation in traffic, application of tariffs in road transport and analysis of indicators of success and stability of business operations of transport companies.					
Conditions for enrolling course					
No conditions					
Learning outcomes on a level of a study programme which includes course					
Outcome 1: Use mathematical and statistical methods in traffic engineering and traffic research. Outcome 2: Apply legislation in the field of road transport. Outcome 3: Use standards that cover the subject area when designing transport projects and implementing technological and service processes in the field of road transport. Outcome 5: Evaluate road transport safety factors. Outcome 8: Recommend effective solutions for road transport system planning based on sustainable development principles. Outcome 14: Independently present professional content on oral, written and graphical basis using the usual tools in Croatian and/or foreign language.					
Expected learning outcomes on a level of a course					
<ol style="list-style-type: none"> 1. Critically evaluate contemporary road transport phenomena 2. Recommend and present a plan of an optimal road transport network 3. Evaluate macro-transformations of transport management 4. Compile carrier cost calculation 5. Determine costs in transport 6. Measure performance and stability indicators for transport companies 					
Content of a course					
Development of Croatian and European road transport network. Importance of the road transport. Economic peculiarities of transport. Trading companies in road transport. Production and features of transport services in road transport. Structure of expenses in road transport. Economic traits of road infrastructure and superstructure. Models of road transport network. Modern phenomena in road transport – safety, ecology, financial stability.

Comments					
Students' obligations					
Grading, evaluation and monitoring of students' work continuously during lectures and exams					

Grading is based upon evaluation of course's learning outcomes' adoption. Grading is performed continuously during lectures and/or during exam, in compliance with the provisions of Regulation on the assessment of students.

Continuous check-up:

Outcomes	Pre-exam I	Pre-exam 2	Seminar work	Assignments	Threshold	Max
Outcome 1	10		3	3	8	16
Outcome 2	10		3	3	8	16
Outcome 3	10		4	4	9	18
Outcome 4		10	3	3	8	16
Outcome 5		10	3	3	8	16
Outcome 6		10	4	4	9	18
Percentage of ECTS	1,25	1,25	0,75	0,75		
Total	30%	30%	20%	20	50%	100 %

A student has passed the exam if he has acquired a percentage of credits for each learning outcome higher or equal to defined threshold.

Exam term:

Outcomes	Written exam	Oral exam	Max
Outcome 1	13	3	16
Outcome 2	13	3	16
Outcome 3	14	4	18
Outcome 4	13	3	16
Outcome 5	13	3	16
Outcome 6	14	4	18
Percentage of ECTS	3	1	
Total	80	20	100 %

A student has passed the exam if he has acquired a percentage of credits for each learning outcome higher or equal to defined threshold.

Grading:

A student has passed the exam if he has acquired at least 50% of anticipated credits of a specific learning outcome.

If a student has passed learning outcomes of all courses, the accomplished credits (percentages) of all passed learning outcomes are being added, while the final grade is defined upon following table:

Range of credits (percentages)	Numerical grade	ECTS grade
90,00 – 100,00	Excellent (5)	A
75,00 – 89,99	Very good (4)	B
60,00 – 74,99	Good (3)	C
50,00 – 59,99	Sufficient (2)	D
0,00 – 49,99	Insufficient (1)	F
