Thunderbird upute za povezivanje sa Veleri email-om

Prvi korak koji se mora napraviti je otvoriti aplikaciju Mozilla Thunderbird. Aplikacija nam izbacuje sljedeći prikaz:

U polje your name upisujemo naše ime, u polje email adress upisujemo našu veleri adresu i u password upisujemo našu lozinku veleri emaila. Trebalo bi izgledati kao sljedeće:

Nakon što upišemo sljedeće podatke trebamo stisnuti na gumb manual config. Dobijemo sljedeći prikaz:

| Set Up an Existing Email Account | | | | | | | | × | |
