

Join our team as an

IT Logistics Consultant (f/m/d) - Software Realization

AT OUR SITE IN GRAZ OR FRIESACH NEAR GRAZ

The **SSI Schaefer Group** is the world's leading solutions provider of modular warehouse and logistics systems, employing a workforce of over 10,500 people at its international subsidiaries and production sites.

The IT powerhouse of the Group, **SSI Schaefer IT Solutions**, is the ideal partner for analyzing, visualizing, and optimizing your intralogistics processes.

With over **1,100 software experts**, we develop customer-oriented, individually tailored intralogistics solutions.

YOUR RESPONSIBILITIES

- Analysis, definition and optimization of intralogistics processes of our customers worldwide, as well as customer support throughout the entire IT project life cycle
- Responsible for modeling and parametrization tasks in our intralogistics software
- Creation of IT specifications, user documentation and training material for the software implementation
- Interface between product development, other specialist areas and customers
- Software testing inhouse as well as during the implementation on site at the premises of our international customers
- You take over the conducting of workshops, trainings and status meetings independently.

YOUR BENEFITS

In addition to a wide variety of engaging tasks, we also offer our employees the following benefits:

- | | |
|---|--|
|  Family-owned company |  Comprehensive healthcare package |
|  Job security |  Lunch allowance |
|  Healthy growth |  Flexible working hours |
|  High level of creative freedom |  Funded training |
|  Staff discounts |  Buddy system |
|  Numerous staff events |  Free parking |

The minimum salary for this position according to the Collective Agreement (IT-CA) is € 2.556,- gross salary for 38.5 hours per week. However, we offer a competitive salary depending on relevant professional experience and qualifications.

YOUR SKILLS

- Degree-level technical/commercial qualification in the field of logistics, industrial management, informatics, business administration, etc.
- The field of (intra) logistics is not new for you
- Expertise in process management
- Very good command of English, further foreign languages are an asset
- High IT affinity and IT skills are an advantage (SQL & LINUX Server basic knowledge)
- You work confidently, in a solution-oriented way and as a team player you also enjoy working in bigger project teams.
- Intercultural competence and willingness to travel internationally (min. 40% of yearly working time)
- Team player, sense of responsibility, flexibility and reliability
