## POSTGRADUATE STUDIES

Each year, Powislanski University in Kwidzyn offers a variety of postgraduate programmes for people who want to improve their professional qualifications. Postgraduate studies provide an opportunity to gain more thorough knowledge in a particular field and acquire practical skills that enhance the competitiveness in the labour market.

## POSTGRADUATE STUDIES

### **Proposed postgraduate studies:**

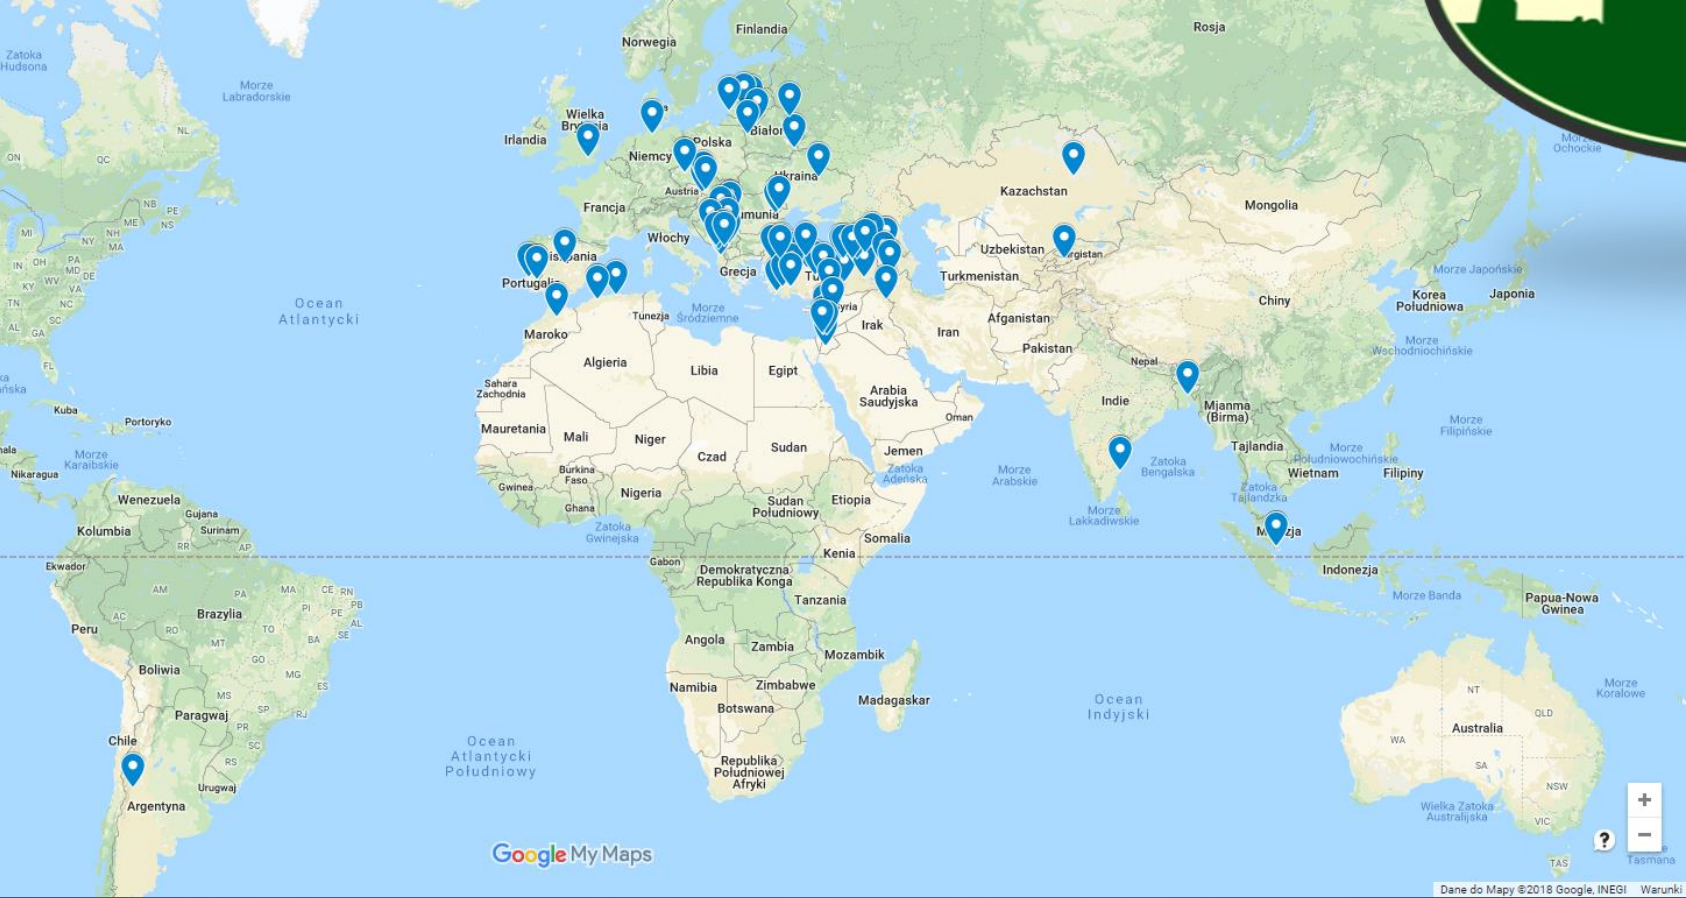

- management in health care
- career counsellor
- education and rehabilitation of people with intellectual disabilities
- teacher qualifications
- management in education
- gerontology and geriatrics with basics of management and long-term care

## Practical training

When organizing students' practical placements, we are guided by the principle that traineeship must help students prepare for moving into the labour market by gaining the right experience, being able to determine their position on the competitive labour market and helping them to choose their own path of development. Currently, more than 100 major employers from the Pomerania region cooperate with the University, including International Paper Kwidzyn, Jabil Circuit Poland, Lacroix Electronics, Banks – polish and foreign, national and local Governor offices and institutions, hospitals and clinics all over the region, NGO's for example.

# Practical training in Poland and abroad

Erasmus +

International cooperation is one of the top priorities of PSW. Our contacts with foreign universities and partner institutions within the Erasmus + programme provide our students with mobility opportunities, both periods of study and student traineeship. We realize also mobilities for our staff, training mobilities and mobilities for teaching. We are very open for any staff – administrative or teachers, who want to realize a mobility at our University – **you are welcome anytime !!!!**
